The Louisville sports who bet on Bryan carrying Kentucky are paying their losses like little men.

Charles Rose of 406 Fifth avenue, Dayton, Ky., wants the address of James Wilson, a barber, who was born in Mason county.

A copy of the will of the late Lewis Reimart of Ripley was ordered to probate in this county, where he owned some lands.

City Attorney John L. Chamberlain will get shaved free of cost for the coming year, because his enthusiastic barber had him that Colorado would not give 50,000 majority for Bryan.

Before you bargain for your furniture for housekeeping or for a handsome chair for a Christmas present, consult the advertisement of Henry Ort, and then take a look through his immense stock.

Mrs. W. H. Durrett of the county will have a sale Wednesday preparatory to leaving her old home and making her new home with her daughter, Mrs. Richard W. Wood.

Chief Justice Poyer of the Court of Appeals, who went down in defeat in last Tuesday's landslide, will practice law when he quits the bench in January. He has not fully decided where he will locate, but it will either be Frankfort or at Louisville.

The Great Tun of Louisville is one of the most remarkable "curios" in the world. It is the largest cask ever made and holds 40,000 gallons. It is thirty-four feet long, and the diameter in the middle is twenty-four feet. The Tun is probably the oldest existing cask, as it was built in 1751.

The will of Mrs. Alice Sullivan was admitted to record yesterday. Her estate consists of a house on Herd's Hill, which is not fully paid for. This is to be sold, her just debts paid, and the balance goes to her husband, George Sullivan. Mr. Moses Jones qualified as Executor without bond, as provided in the will.

By the election of William McKinley the Presidential chair will, for the second time, be filled by a Red Man. The first member of the Order was George Washington, who was a member of the Tammany Society, which afterward became the Red Men, and later the Improved Order of Red Men. The President-elect is a member of Fleetwood Tribe No. 139 of Canton, O., a rather suggestive name in view of the election returns. He is also a member of the Knights of Pythias.

HE'S RICH NOW!

Jack Bridges Has Hope, Now That McKinley's Elected.

The LEDGER is in receipt of the following characteristic note from an old Mayville boy:

POWERSMOUTH, O., Nov. 7th, 1896.
Thomas A. Davis, Mayville, Ky.—Dear Sir: As McKinley's elected I think now I will be rich enough to take a Mayville paper. Please send me THE DAILY LEDGER for six months. Send me bill of same and I will remit by return mail, as I do not know cost of same or would inclose in this letter. Yours respectfully,
J. D. BROADS.

JOB PRINTING!

WE PRINT EVERYTHING THAT CAN BE PRINTED! PUBLIC LEDGER PRINTERY.

LET'S GIVE THANKS!

Governor Bradley Designates a Day For Thanksgiving.

The state or Nation that is unmindful of or ungrateful for the blessings bestowed by a merciful God cannot and should not deserve prosperity. To Him we owe all that we are and hope to be. He has preserved us and penitence, filled our granaries, granted our honor and protected our institutions.

Therefore, the people of Kentucky are requested to assemble at their respective places of worship and observe Thursday, the 26th day of this month, in Thanksgiving for the blessings of the past and present, and in prayer for their continuance in the future.

Done at Frankfort on the 5th day of November, the year of our Lord, 1896, and the 106th year of the Commonwealth.

WILLIAM O. BRADLEY,
E. D. Guffy, Assistant Sec. of State.

The Newport Rolling Mills employes were paid \$3,500 in Gold Saturday. Three men were paid in silver.

McKinley will be the fifth President who was born in Ohio. His predecessors are Grant, Hayes, Garfield and Benjamin Harrison.

After having bored some 550 feet into mother earth, Messrs. Hunter & Irvine, we understand, will give over trying to find water at that particular place and start in another locality. The cost of sinking the abandoned well was about \$500.

A week ago last Friday night the Mayville packet Courier sank at the Big Sandy Wharfboat after colliding with one of the piers of the Central Bridge at Cincinnati. The boat is now afloat, and will be taken to the Marine Ways and given a thorough overhauling.

Rev. Joseph Rennie preached a powerful sermon at the Central Presbyterian Church last night, and will preach every night this week at that Church, to which everybody is invited.

Mr. John F. Ryan, who is at the side of his brother Joseph who was so badly cut at Valley on Saturday—a full account of which appeared in yesterday's LEDGER—writes this morning that his brother is out of danger and is gaining strength.

On or about December 1st Walter Schreiver of Newport will leave for Mexico, where he will remain for a year. Schreiver made a bet with Walter Richards that if McKinley was elected he would live in Mexico for one year. Mr. Schreiver says that he will follow his occupation in Mexico. Schreiver, up to the last election, was a Republican.

HERE ARE THE FIGURES.
Judge Pugh's Majority For Congress in This District Is 426.

At last we are able to give the result of the contest for Congress in this District:

VOTE OF NINTH DISTRICT.			
	Pugh, R.	Thomas, D.	
Bath . . .	1,558	1,774	
Boyd . . .	2,174	1,278	
Bracken . . .	1,236	1,750	
Carter . . .	2,440	1,669	
Fleming . . .	1,942	2,008	
Greenup . . .	1,788	1,359	
Harrison . . .	1,691	2,666	
Lawrence . . .	1,946	1,806	
Lewis . . .	2,337	1,423	
Mason . . .	2,563	2,717	
Nicholas . . .	1,151	1,841	
Robertson . . .	433	659	
Rowan . . .	758	641	
Totals . . .	22,017	21,591	
Majority . . .	426		

Mr. Milton Johnson is officiating as Police Judge in the absence of Judge Wade.

THREE NEW ONES
Added to the Directors of Mitchell, Finch & Co.'s Bank.

At a meeting of the stockholders of Mitchell, Finch & Co.'s Bank, held yesterday, the following gentlemen were elected to the Directors of that institution:

Dr. John A. Reed,
E. L. Worthington,
C. W. Forman.

The Board now consists of the above named and Messrs. J. F. Perrie and T. K. Ricketts, Jr.

Dr. Reed was elected President of the Bank, to succeed the late James M. Mitchell.

Messrs. Perrie and Ricketts will remain as Cashier and Assistant Cashier respectively.

FIRE NEAR SAROIS.
The Home of Mr. William Chandler Destroyed Last Night.

The pleasant country home of Mr. William J. Chandler near Sarois was totally destroyed by fire about 10 o'clock last night, together with all the household contents, excepting the piano.

It is not known how the fire caught, but it is supposed that sparks falling set fire to the roof.

The building was worth about \$3,500, and was insured for \$3,000.

There was an insurance of \$1,000 on the contents.

Both policies were held by Duley & Baldwin's Agency of this city.

Chenoweth's Cold Cure will cure your cold. No cure, no pay.

The marriage of Mr. Henry Ballard and Miss Elizabeth Schwarz was solemnized at Murphysville yesterday afternoon at 3 o'clock by Rev. Culver. The attendants were Robert Jefferson and Miss Daisy Gault, Honora Crawford and Miss Loveless Wells. A large crowd of relatives and friends were present, who unite in tendering their best wishes to the happy couple.

NAMED FOR THE CABINET.

Sam Roberts Mentioned For McKinley's Postmaster General.

Major M. P. Handy, political Editor of The Chicago Times-Herald, and a confidant of the Republican "powers that be," in his regular habit of political gossip in The Times-Herald and New York Mail and Express, under the caption "Major Handy's Point of View," speculated on the cabinet possibilities of the McKinley Administration.

Among possible candidates or suggestions for Postmaster General he names Sam J. Roberts of Lexington.

The Courier-Journal asked Chairman Roberts what he thought of the honor thrust upon him by Major Handy.

"Oh, there is nothing in that," said Mr. Roberts. "The mention of me as a candidate for Postmaster General, or as a cabinet possibility of any kind, is only a pleasant personal compliment from Major Handy. I am not cabinet timber, and I have no claims or aspirations in that direction. My good newspaper friends have tendered me several dazzling places in Washington under the next Administration, without even consulting the President elect, but I am too firmly wedded to Kentucky and newspaperdom to accept any of them."

WE'LL SHAKE, HARRY!

An Ex-Mayvillian "Congratulates" From Salt Lake City.

The day following the late landslide THE LEDGER received the following telegram from Salt Lake City, extending congratulations on the result in Kentucky; but as "all doubtful things are uncertain" its publication was held up until it was finally determined that old Kentucky's Republican and Sound Money Democratic vote had overcome the Free-silver frauds in several counties and that the state was safely in the McKinley band wagon.

"That result having been reached, here's our SHAKE, Harry!"

SALT LAKE CITY, UTAH, November 4th, 1896.
Thomas A. Davis: My congratulations. Kentucky has done nobly. Shake.
HARRY T. DUKE.

Mr. Duke is Assistant Treasurer of the Wells-Fargo Express Company, ex-Treasurer of Salt Lake City, and one of the leading men in that wonderfully beautiful place.

The citizens of Vanceburg are rejoicing over the great victory for free turnpikes in Lewis county. It means a business boom for Vanceburg. There were only 794 votes cast against it, and the majority was 1,160. A great deal of credit for this victory is given to The Vanceburg Sun.

Card of Thanks.

We hereby return our grateful thanks to the many friends who so kindly assisted us in ministering at the bedside of our wife and mother, Maria Williams, during her last illness.

M. L. WILLIAMS AND FAMILY.

TO CURE A COLD IN ONE DAY
Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

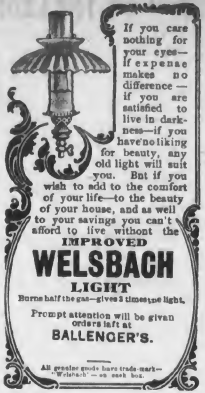

FIRST DISTRICT VOTE.

Chairman Sam J. Roberts Wants to Know About It.

Chairman Sam J. Roberts of the Republican State Campaign Committee has this to say about the phenomenal vote in the First Congressional District:

"In that District Bradley received 9,908 votes, Hardin received 18,170 votes and Pettit 4,745. In this campaign it could not be disputed that there was defection from the Democratic ranks. Place the number of Gold Democrats who voted for McKinley at 8,000. The Palmer and Buckner vote is shown to be 500 by the returns. Deduct 3,500 from the Hardin vote and you have remaining 10,670 Democratic votes. Add to this the Populist vote of 4,745 in the District—the number of votes received by Pettit—and you have 15,415, the number of votes to which Bryan was entitled in the First. This concedes to him every Democrat in the District, except 3,500 Sound Money Democrats, and every Populist."

"Now, what do we find? We find that instead of receiving 15,415 votes, or a reasonable increase over that number growing out of the increased interest in the elections among voters, that Mr. Bryan has received 25,900 votes—nearly double the amount to which he was entitled. To show that this remarkable increase could not have come from Republican ranks, we increased our vote from 11,608, about what we thought we would get, on the basis of the Bradley vote, to 18,533, an increase of 1,604 votes. This is, of course, accounted for by the getting out of more than the ordinary Republican vote. But how, with all the disaffection existing, is the Democratic increase of 10,305 accounted for? That is what we propose to find out. I repeat that it is curious to say the least."

Burns half the gas—gives 3 times as much light.

Prompt attention will be given to all orders.

WE'RE FOR AMERICA AMERICANS!

The rule-or-ruin silver men are already talking about revenging themselves, when Congress meets next month, by putting a five centage rider on every appropriation bill.

CONGRESSMAN COLSON says there is no question that JOHN D. WHITE'S independent race for Congress kept down MCKINLEY'S vote at least 1,000 in the Eleventh District.

The vote of the city of Lincoln, Nebraska, Mr. BRYAN'S home city, gives MCKINLEY, 3,900; BRYAN, 2,841; MCKINLEY'S plurality, 1,059. Bryan lost his own Ward and Precinct.

The defeated silver campaigners in Kentucky are not crying fraud or revolt—since attention has been called to the very queer returns from some of the strong silver counties.

APPRECIATING that "fired feeling" which Major MCKINLEY must possess after the arduous campaign just closed, the Cabinet Makers are already at work constructing an "Official Family" for the President-elect. It is safe to say that Windy Willie JIMMY BRYAN will not be "in it" any more than he was in the race.

The Courier-Journal remarks that the loss said by silver men about fraud the better. The case of Walnut Bottom Precinct in Henderson county must be explained first. By noon on election day it was announced that the ballots at this Precinct had given out, and many Sound Money men who were waiting to vote were unable to do so. Yet the County Clerk says he sent 215 ballots to that Precinct, and the returns show only 112 ballots voted. The Precinct was a strong MCKINLEY Precinct, 99 of the 112 votes cast being for MCKINLEY.

While credit is being given for the Republican victory in Kentucky, the fact must not be overlooked that Mr. SAM. J. ROBERTS is entitled to a large share of it. An exceedingly modest gentleman, he is not given to sounding his own praises; a warm personal as well as political friend of Major MCKINLEY, he has made such a fight for the President-elect as must entitle him to the thanks of every man who now rejoices to see Old Kentucky safely in the Republican column. THE LEDGER extends its heartiest congratulations to Colonel ROBERTS, and hopes his reward may be more ample than mere thanks. He's entitled to the best in the locker, with lump sugar, mint and the clearest of spring water.

Work that had been suspended for some months on the grading of the new branch railroad to the proposed new mines of the Bath County Iron Company, beyond Olympia, will be resumed at once, the election of MCKINLEY being conceded. Bryan's election would have insured indefinitely suspension of operations.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera and Diarrhoea Remedy is all that is claimed for it, in so few occasions it is supposed, excruciating pains and possibly even death from an ordinary case. We would not rest our easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should have it in the house, for it is sure to be needed sooner or later. For sale by J. James Wood, Druggist.

THE LEDGER'S PROPHESES FULFILLED, McKinley's Election Has Restored Confidence and Given a Big Boom to Business.

"Advance Agent of Prosperity."

THE LEDGER was insistent throughout the late campaign that the election of MCKINLEY meant the restoration of Confidence and the immediate resumption of Manufacturing and Commercial Business throughout the country.

There were those who contended that the very opposite would be the case.

It is useless now to argue the question; it is settled by the results;—and that our readers may see who was right THE LEDGER will give, from day to day, a partial list of the industries that are reviving under the assurance that the incoming Administration will be friendly to American interests.

IN KENTUCKY'S METROPOLIS.
Saturday's Courier-Journal.
The impetus that had been given to business by the Sound Money victory last Tuesday was noted in The Courier-Journal Thursday morning, and since that indications have multiplied that an era of prosperity has dawned.

The period of uncertainty having passed, men have begun to turn their thoughts and energies to every day affairs. Extensions and improvements, that have been delayed until the period of financial uncertainty ended, are being made.

Many Louisville business men and manufacturers were interviewed yesterday by The Courier-Journal reporters, and without exception they took a rosy view of the situation. Even those men who voted for Mr. Bryan were forced to admit that business had already begun to show improvement.

The wholesale merchants who were called upon had either sent their men on the road or were preparing to do so. Those who have men out have already received orders which are highly gratifying. Collections are much easier than they have been for a year past. Gold has begun to flow into the banks instead of out, and the yellow metal can be secured on as easy terms as silver or paper.

Nearly all the manufacturers have increased the number of their employees and have gone to work with all getting out thousands of dollars' worth of orders which had been given contingent on Mr. McKinley's election. They expect a year of unparalleled prosperity.

Mr. Theodore Abrams, President Abrams & Co., manufacturers of plumbers' supplies, etc., said: "We sent out five carloads of our manufacture today, on orders received contingent on McKinley's election. We received today orders for from \$15,000 to \$25,000 worth more. We expect this increase to continue right along. We have started another furnace in the enameling department and additional men in the pipe rooms. In a few months we will probably be running all our men full time."

The distilleries are in high feather. A prominent distiller said that the withdrawals were better than for some time, and shipments of fine whiskey had been larger than in many months. The business was looking up, he said, and prices had advanced several points. One of the distillers said that he had shipped two carloads of a man who had not withdrawn any whiskey for two years. This was known as a Bryan man, I am satisfied with the way things went."

Mr. Charles P. Hubbs, General Manager of the Avery Plow Manufacturing Co., said yesterday: "I think the outlook for the prosperous business season is most encouraging. Our trade during the winter and spring is nearly always heavy, but from the orders we have received of late our business will exceed that of any year for several years past. We expect to add 100 men to our pay-roll because of the big increase in business."

Mr. Charles E. Snodgrass, of the foundry firm of Snodgrass, Van Aalstine, Meldrum Company, expressed himself as follows: "Our business shows a marked improvement. Today in anticipation of the orders we will receive and because of those we have received, we started our shops on double time, and from now on until further notice they will be run night and day. This practically means that we have doubled our force of men, though some of them try to work both night and day. You will see, that we are making every effort to immediately get hold of this rush of incoming business. The increase in business and the high prospects for the coming year are marked."

For some time past Bridgeford & Co., stove manufacturers, have been closed down. Monday this firm will begin operations anew with 300 men, who will be worked full time, and the force will be increased as rapidly as the business demands. A member of this firm said yesterday that the business outlook was most encouraging and that he anticipated a prosperous season.

A similar statement was made by a member of the O. K. Stove and Range Company. "We have put on our full force," said he. "Orders have been coming in rapidly and we expect to do a rushing business."

One of the members of the firm of Viessman & Co., pork packers, said: "All this great disturbance has been settled and it is better for every industry. Business with us is looking up splendidly and the prospects are that it will continue to improve. We are already doing a good business."

Manager Vincent Culp of the Litbrog Manufacturing Company said that his firm expected a great increase in business. "We already have a number of good orders as a result of the election," said he, "and we are as busy as we can be. There are no hard times with us now. If business increases like it has during the past few days we will be compelled to employ more men."

Manager Haskins of the Schupp & Schmidt Manufacturing Company, manufacturers of furniture, said that his firm's collections had picked up considerably during the past two weeks, and that he looked for four years of prosperity greater than the country ever knew before.

A member of the Sulzer-Vogt Machine Company said that the men of their big shop were being worked full time, and that the prospects for a bright business year were very flattering. Big orders had been coming in for several days, he said.

Mr. Archie Robinson of the Louisville Woolen Mills said: "Confidence is at last restored and the prospects for business are much better than they were before. We start up Monday with 800 men employed to fill the many orders we have received. We have been shut down for seven weeks, but during the past few days, and especially since the election, the orders have poured in. We expect to do a good business."

Mr. W. S. Wymond of the Chesapeake-Wyand Cooperage Company said that business had improved considerably since the election. The distilleries have suspended operations for a year and this will make the local cooperage business necessarily dull, he said, but he expects a marked improvement in business of every sort.

Mr. Meade Robinson of the Beargrass Woolen Mills said that the outlook for business was extremely favorable. "We have a great deal of yarn on hand," said he, "but we expect to increase our force of workmen to enable us to supply the demand. All the disturbing elements have been removed, and I expect the depression in business to be entirely reversed. Our orders for two weeks past, in anticipation of McKinley's election, were unusually large. For six months past we ran our force only during the day, but from now on we will push our work day and night, in order to supply the demands made on us."

W. W. Henderson, Treasurer of the Old Kentucky Woolen Mills, is enthusiastic over the result of the election. "It is generally beneficial to business," he said yesterday afternoon. "Business is now on a sound basis and everything

will move forward with renewed confidence. We will run our factory full time, for we have had little trade for six months and we have to catch up with the large number of orders which have come in since it became known that Sound Money had won. We stand on rock bottom and every firm which has a similar foundation will enjoy a prosperous season."

Secretary Bennett of the Louisville Manufacturing Company said that the business of that Company was moving along smoothly and that he expected a steady run of orders from now on.

"It is a little early for us to experience much of the restored confidence in business," said Mr. Currie of the Currie Perfumery Company yesterday. "Our trade is governed principally by the farmer element. However, money is coming in better, and I anticipate prosperities times." Secretary Keneady of the Kentucky Wagon Works said yesterday that the force of men at the Wagon Works would not be increased for the reason that as many men as could be put on were at work at the plant. He anticipated a big boom in business.

SILVERITES DON'T COERCIE!
Oh, Dear, No! They Just Simply Prescribe, That's All.

At Athens, a small town in Fayette county, where the silverites refused to allow Captain Stephen G. Sharp to make a Sound Money speech, silver men have banded themselves together and formed an association whose members are pledged to not employ a Republican or Sound Money Democrat in any capacity.

There are a great many colored Republicans in the town, they will suffer greatly if the silver men carry out their purpose.

And maybe the silver men will find out that the boycott is a two-edged sword—that will cut them a grieve and a comb!

If Troubled With Rheumatism Read This.

ANNAPOLIS, Md., April 16th, 1894.—I have used Chamberlain's Pain Balm for rheumatism and found it to be all that is claimed for it. I believe it to be the best preparation for rheumatism and deep seated muscular pains on the market and cheerfully recommend it to the public.

John O. Bracker, dealer in boots, shoes, etc., No. 15 Main St.

Saratoga Springs—J. G. O'Brien.
Watkinsville—J. G. O'Brien.

RECORDED AT RECTORY.

Money Note From That Picturesque Village Near the Lewis River.

"Tell them that you saw me."
Dr. Gaines of Orangeburg attended the rally.
The Democrats are about all dead in this section.
A new blacksmith shop has started up since the election. The proprietors are O'Malley & Bennett.
Scott Fletcher says that he will report a new buggy in the near future, purchased by some of his Democrat friends.
The boys had a big time last Saturday night at their rally. Uncle Alf Redmon's cannon took an active part with the rest.
Ed. Bryant, Constable-elect, is the proudest man in this section not only because he ignored his opponents completely out of sight, but on account of running ahead of Major McKinley's horse.
Moses Barrett, on returning home from Mayville the night of the election, had the misfortune to run into Bryant's wagon, and got out of it as he had been hooked in the rear, not having forgotten that it was already tightly bled.
B. P. Brown, as a result of the election, has lost a very fine blue Buick. A motor which seems to have had more instinct than the common run of engines, as at the very moment he heard the siren telling the result he jumped on the wheel, gave two or three drops, then into the water. We think it a clear case of suicide.

OCcurring AT ORANGEBURG.

What The Ledger's Correspondent Reports From That Pleasant Locality.

Mrs. Belle Coulter still remains very ill.
Dr. Gaines will move into his new house this week.
Miss Susan McKinn was here last week on business.
H. P. Wilson and family are visiting in Ohio this week.
Erasmus Jones is serving an apprenticeship with H. P. Phillips the jeweler.
The little child of Martin Heine has been very ill, but is reported as better now.
Miss Jeanette Correll is sick with the fever at W. Bullock's. Her sister is nursing her.
Mrs. Jones filed his application here and at O'Leary's. Bro. Jones is a good instructor.
J. T. Fortune took a valuable horse last week. It is rather hard on John to lose his horse and Bryan too.
Thomas Strode and Miss Anne Strode passed through here Saturday on their way to Camp Hill. Mrs. Anne took the train for Campbell county.
Mr. Will Correll of Dineburg, a Democrat and a great driver, was here the past morning after the election, and he said he was now a McKinley man. He is loyal to the flag.
Mr. Henry Kirk has moved from the toll-house on the Orangeburg and Beaufort pike to near Paris, where he will follow the trade, blacksmithing. He was a good citizen and liked by all who knew him.
It is surprising indeed to know that even the dumb brutes know there is going to be a great change in the business of our country. Allan Burk says his cow only ate a dollar's worth of milk before McKinley was elected, and now he has to take a brass kettle to hold the milk.

City Taxes For 1906.

By special order of Council, I will receive City Taxes for 1906 without the penalty until the first Thursday in December.

JAMES W. FITZGERALD,
City Treasurer.

Office—Keith-Schneider Hardware Co.

The old story of Prometheus is a parable. Prometheus was on terms of intimacy with the gods. From them he stole fire, and gave it to man. For this he was chained to the rocks of Mount Caucasus, and vultures set upon him. They only ate his liver. This grew again as fast as it was pecked away, and his suffering to be imagined.

Take a modern interpretation of the parable. There is no cooking without fire. In cooking and eating the mischief lies. The stomach is overworked, the bowels become clogged, they cannot dispose of the food that is given them. The impurities back up on the liver. Thus comes the yellow jaundice, a deadly liver disease. Dr. Pierce's Golden Medical Discovery is more than equal to the vast array of dyspepsia and its kindred ailments. It is the only medicine used of suffering from dyspepsia, this is the only medicine used of suffering from dyspepsia, this is the only medicine used of suffering from dyspepsia.

Fresh Bulk and Can Oysters received daily at Martin Bros.

By going for Free-river the Territories of New Mexico and Arizona have blasted their hopes of immediate admission to the Union.

TO CURE A COLD IN ONE DAY
Take a few drops of Chamberlain's Cough Remedy.

Northern railroad lines are now carrying a large stock of ties from Kentucky. For Kentucky oak ties 65 cents are paid, while Georgia and Florida pine ties bring 70 cents apiece.

If your children are subject to croup watch for the first symptom of the disease—hoarseness. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse it will prevent the attack. Even after the croupy cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale by J. James Wood, Druggist.

LONDON PAPERS

Comment Upon the Settlement of the Venezuela Dispute.

Prime Minister Salisbury's Explanation of the Matter Satisfactory.

The Graphic holds that the solution of the Venezuela Question reflects credit upon all concerned—English and Dutch Countries Combined.

LONDON, Nov. 10.—The Daily News, commenting upon the settlement of the Venezuela dispute, says in reference to his explanation of the Venezuelan matter that the terms of the settlement as stated by the prime minister are perfectly satisfactory, involving no surrender of essential principles. The solution arrived at will enable each side to claim a victory. Lord Salisbury can justly say he succeeded in protecting the rights of the British settlers, and Mr. Olney can claim with literal truth that he succeeded in bringing Great Britain to consent to arbitration.

The Daily Graphic holds that the solution of the Venezuela question reflects the highest credit upon all concerned. It fully justifies the intervention of the United States.

The Standard will briefly welcome the settlement as a triumph for the United States.

The Daily Telegraph says the terms of settlement leave the dignity and interests of the United States and Great Britain unimpaired.

The Texas News With an Accident. New York, Nov. 10.—The battleship Texas met with an accident Monday morning while lying in the Cob dock at the Brooklyn navy yard awaiting repairs. One of her sea cocks blew out in a mysterious manner, causing a rush of water into the ship's hold.

WASHINGTON, Nov. 10.—Monday afternoon Secretary Herbert ordered a court of inquiry to investigate the sinking of the Texas and its responsibility for the accident. The court will meet at the New York navy yard Wednesday next.

New York, Nov. 10.—Work was begun on the Texas at the earliest possible moment to rescue her from the mudhole in which she rested and the efforts were successful Monday night so she is now in a position to allow of her being docked Tuesday.

Pardon by the President. WASHINGTON, Nov. 10.—The president has pardoned W. H. Clune, Isaac Ross and Philip Stanwood, of California, sentenced December 6, 1894, to pay a fine of \$10,000 to be confined in Los Angeles jail 18 months for conspiracy, the offense being committed in the railway riots at that time general throughout the country. The men did not begin serving their time until after their sentences had been affirmed by the supreme court of the United States.

Work Resumed at Hollidaysburg. HOLLIDAYSBURG, Pa., Nov. 10.—The Hollidaysburg Iron and Nail Co., and the Hollidaysburg Iron Co. of this city, and the Portage Iron Co. of Duaneville, and the Alcon Iron Co. of Allegheny, resumed operations in all departments Monday. The Pittsburgh Limestone Co., chiefly controlled by Andrew Carnegie, has leased extensive lands in the Allegheny region, and will develop the output of its quarries in this country.

Cambria Steel Works to Resume Work. JOHNSBURG, Pa., Nov. 10.—It was said authoritatively Monday that the great Cambria steel mills which have been closed down for some time, will resume work the latter part of the week, giving employment to a large force of men. The company hopes to operate the blast and mill in full operation at the same time.

His Injuries Proved Fatal. NEW YORK, Nov. 10.—E. M. Cooper, of the Philadelphia, died in Room 10, of the Hotel Hamilton Monday morning. A few days ago Mr. Cooper, while walking along the street, was seized by an epileptic fit, and in falling he struck his head against an iron railing, fracturing his jaw. This injury was primarily the cause of his death.

Class Work to Be Began in 1906. NEW YORK, Nov. 10.—The Beloit College glass plate works, which has been the plant for five years, is to be moved in. All arrangements are complete for starting one furnace of glass and repairs will at once be made to begin operations by November 30.

Philadelphia, Nov. 10.—Wm. O. Mays Monday morning murdered his wife by cutting her throat. He then committed suicide. The tragedy occurred at the home of the couple, No. 3120 Ridge avenue, and was the outcome of a quarrel.

Price of Wheat in England Advanced. LONDON, Nov. 10.—In the Mark Lane Monday English and foreign wheats were a shilling higher and four six pence a bushel dearer. Corn and barley were 6d higher and oats advanced 8d.

Mrs. Monroe Awarded \$5,000 Damages. WASHINGTON, Nov. 10.—In the case of Harriet Monroe against the New York World, the United States supreme court affirmed the decision of the lower court awarding her \$5,000 damages for the publication of the World's Fair ode, surreptitiously obtained.

Killed by a Falling Box. CHICAGO, Nov. 10.—Warren E. Mason, a commercial traveler, died Monday from the effects of his falling box, which came down upon him. His back was broken.

CONDENSED NEWS

Condensed From All Parts of the Country by Telegraph.

Eight or ten inches of snow fell in the northern part of Chautauque county, New York, Monday and the storm is still raging.

Munesholmer & Daube, Ardmore, Pa., general merchandise, assigned Monday. The liabilities will exceed \$100,000, with assets in excess of that sum.

President Von Arha, of the St. Louis Base Ball Club, states that there is absolutely no foundation for the rumor that negotiations have been, or are now in progress, for the purchase of his club by the Baltimore club owners.

Several days heavy deposits of gold have been made in Philadelphia, the total amount received by banks, trust companies and savings funds being placed at \$500,000. The gold was generally withdrawn and hoarded to await the outcome of the election.

The fight between Billy Smith, of Los Angeles, Cal., and Willie Smith, the featherweight champion of England, for a purse of \$500, took place Monday night at the National Sporting Club, London. The American was awarded the fight in the eighth round.

The annual session of the Association of Official Agricultural Chemists closed in Washington Monday. A number of members were designated to report on various subjects at the next annual session, the time and place of which was left to the executive committee.

At Columbia, Mo., during the game Monday between the eleven of the University of Missouri and the Iowa university, the former withdrew from the field and the game was awarded to the latter by a score of 6 to 2. Questionable decisions by Referee Dean, of Iowa, caused the withdrawal.

A dispatch from Seville, Spain, to the Central News, London, says that two steamers have been wrecked by collision at the entrance to the Guadalquivir river. One of the steamers was sunk and 90 passengers were drowned. Most of those lost were wealthy and prominent persons.

The entire business portion of the town of Spencer, Va., was wiped out by fire Monday morning at 12:30, including the bank, two hotels and business places. Only two stores are left in the town. The fire originated in the Simons block opposite the court-house. This same territory was burned out in 1888.

Col. John Moller, of Harrisburg, Pa., is in receipt of a letter from his brother, John Moller, who is one of the members of a firm operating a tin plate and glass plant at Anderson, Ind. In the letter Mr. Moller states that since the election the firm has contracted for some \$300,000 worth of tin plate and also expects to start its glass plant at once.

Prof. Henry A. Mott, the well-known chemist and chemical expert, died in New York from heart trouble. Prof. Mott was born on Staten Island in 1852, and his grandfather was Valentine Mott, the famous surgeon. Prof. Mott was graduated from the school of mines, Columbia college, in 1875, with high honors. He was an expert in chemistry in the courts.

The Southeastern League of Baseball clubs met in Augusta, Ga., at 10 o'clock Monday morning. The league is a new one built up on the ruins of the Southern association of several years past. It is composed of Atlanta, Savannah, Macon and Augusta, Georgia towns, and Charleston and Columbia, South Carolina towns. Each of these cities has a representative at the meeting.

Forecast for Tuesday. WASHINGTON, Nov. 10.—Forecast:—Turbulent weather and possibly central weather warmer, southerly winds. For Chicago:—Cloudy weather; variable winds becoming fresh; a southerly breeze; showers; warmer; brisk southerly winds.
